

GGII, LLC RANGE RULES

CENTERFIRE RIFLE & CALIBER RESTRICTIONS

Effective Date: October 1, 2026

To protect our range facilities, equipment, and insurance coverage, the following firearm and ammunition restrictions are effective October 1, 2026.

Prohibited Firearms

Centerfire semi-automatic rifles are no longer permitted on the range. This includes, but is not limited to:

AR-15-style rifles

AR-10-style rifles

AK-47-style rifles

SKS rifles

Other centerfire semi-automatic rifles of similar design or function

AR-style pistols chambered in rifle calibers

Prohibited Calibers

The following calibers are not permitted, regardless of firearm type, except where specifically stated below:

.223 Remington

5.56 NATO

7.62×39

Magnum rifle cartridges, including but not limited to:

.44 Magnum

.300 Winchester Magnum (.300 WM)

.300 Winchester Short Magnum (.300 WSM)

Bolt-Action Exception

.223 Remington, 5.56 NATO, and 7.62×39 may be fired only from a bolt-action rifle.

These calibers are not permitted in semi-automatic rifles or AR-style pistols.

Ammunition Requirements

Only brass-cased or nickel-over-brass-cased ammunition is permitted on the range.

Steel-cased ammunition is not permitted.

Aluminum-cased ammunition is not permitted.

Other non-brass cases are not permitted unless specifically approved by range staff.

Ammunition must otherwise comply with all applicable firearms, caliber, and range restrictions.

Reason for the Policy

These restrictions are being implemented due to insurance requirements and concerns regarding range and facility damage. The policy is intended to help protect the range, its equipment, and continued insurance coverage while maintaining a safe and sustainable shooting environment.

Enforcement

All firearms and ammunition are subject to inspection and approval by range staff. Range staff have final authority regarding whether a particular firearm or ammunition complies with this policy.

Shooters are responsible for ensuring that their firearms and ammunition comply with these restrictions before entering the firing area.

This policy is effective October 1, 2026, and remains in effect until further notice.
